The Eve of the Ascension
19 May 2012

Dear Mr Mulcahy and Mr Leong,

We remember your visit with deep gratitude and have some terrific photos of the occasion. It has taken some time to determine our needs as we were unclear as to what was being provided for in the construction contract and what we will need to assume on our own. Also, the construction company does not want people on site until they have completed their part. This leaves a window for action before we move in.

We would be ever so grateful for any help the Knights can give us. We have prepared a list of our needs. You may want to donate these items and we can give tax receipts to those who have made the purchase.

If it is not within your possibilities, we will pay for the items.

We would beg your help in the oiling and assembly if this is possible for you.

On the 8th of August we will have the dedication of the building and we would invite both of you to that historical event which will be presided by Archbishop Michael Miller.

May God bless you, your loved ones and the service which you render to the Church in our Archdiocese.

With our loving prayer,

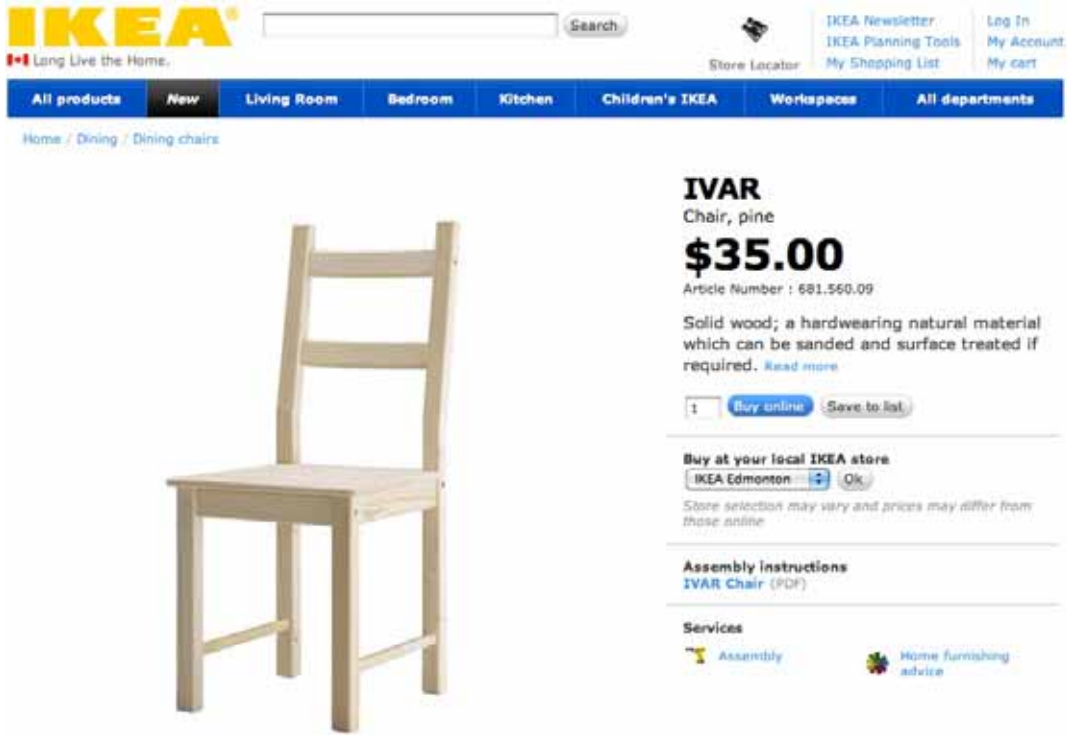

Sister Claire and the community of Queen of Peace Monastery

Between July 23-28 we will need :

CHAIRS

20 wooden Ikea chairs for our monastic refectory.
20 for the cells

If possible, it would help if they were assembled and oil finished (Clear)

The screenshot shows the IKEA website interface. At the top, there is the IKEA logo with the tagline "Long Live the Home." and a search bar. Navigation links include "All products", "New", "Living Room", "Bedroom", "Kitchen", "Children's IKEA", "Workspaces", and "All departments". The breadcrumb trail reads "Home / Dining / Dining chairs". The main product image is a simple wooden chair. To the right of the image, the product name "IVAR Chair, pine" is displayed, along with the price "\$35.00" and the article number "681.560.09". A description states: "Solid wood; a hardwearing natural material which can be sanded and surface treated if required." Below the description are buttons for "Buy online" and "Save to list". Further down, there is a section for "Buy at your local IKEA store" with a dropdown menu set to "IKEA Edmonton" and an "OK" button. Below that, there are links for "Assembly instructions" (IVAR Chair PDF) and "Services" including "Assembly" and "Home furnishing advice".

WOOD SHED

After August the 8th, 2012

We need a woodshed to be built. We have the material and the design.

FIRE WOOD

There is an great deal of wood around the property ready to be cut up into fire wood, hauled and stacked

LANDSCAPING

There will be plenty of work for men who would like to help with tree planting and landscaping.

TREE CUTTING

We have some trees to cut so as to clear some views

BIG ITEMS

ATV / Small tractor

It would be helpful to have an ATV for sisters who go up and down from the Monastery to the garden area. The golf cart rolled and injured a sister last summer but it was a very hand vehicle for getting around the property. Someone may have an old one to donate.

TRACTOR

We are needing an all round heavy duty tractor which can clear snow and do heavy work around the grounds and farm.

Our grounds keeper recommended this on.
